

mdwizards referenceWizard

Medical Coding Reference

Gather all medical coding information you need at a glance

EFFORTLESS POWER SEARCH

Autocomplete feature throughout all our products helps you find codes and keywords in a snap. Search within CPT, HCPCS, ICD-9, ICD-10 coding books, or keywords.

BE FLEXIBLE

Flexible layout hides or shows panels as you wish.

KNOW EVERYTHING

Content-sensitive library shows you relevant documents for your code.

SEE THE WHOLE PICTURE ON A SINGLE SCREEN

User-friendly browser shows you the code hierarchy as it is in the books. Yes, finally you can see 2 codes from different books on the same screen.

REMEMBER EVERYTHING

Write and save meaningful notes for your medical codes. You will never have to transfer your medical notes from the old book to the new one ever again. Share your notes with other users in your office.

SEE SUITABLE DIAGNOSES

Find if your CPT/HCPCS procedure is medically reasonable for a certain diagnosis or retrieve a list of diagnoses suitable for the procedure you are performing.

SEE ALLOWED PROCEDURES

Cross-reference your ICD-9 diagnosis code for allowed CPT/HCPCS procedures.

VERIFY YOUR CODES

Find relevant NCCI, LCD, age, gender, and hundreds of other edits that apply for your code.

MEDICARE FEE SCHEDULE

referenceWizard automatically calculates the Medicare Fee Schedule and shows you additional RVU flags and indexes.

STAY FRESH

Future data updates and software upgrades are included with the membership of the products.

GO GREEN

Do your part to help save the environment. No trees are required to manufacture paper for referenceWizard.

The screenshot displays the mdwizards referenceWizard interface. At the top, there's a navigation bar with icons for Dashboard, Reference Wizard, E & M, ClaimWizard Pro, ClaimWizard Lite, Setup, and Contact Us. A search bar is prominently featured. Below the search bar, a tree view shows the CPT Codes hierarchy, with '99211 - OFFICE OUTPATIENT VISIT 5 MINUTES' selected. The main content area shows the 'Code(s) : 99211' and its 'Short Description : OFFICE OUTPATIENT VISIT 5 MINUTES'. Below this, there are tabs for 'Long Description', 'User Notes', 'Medical Necessity', 'Edits', 'RVU', and 'Modifier Crosswalk'. The 'Medical Necessity' tab is active, showing a table with columns for 'Non-Facility', 'Facility', and 'Medicare Rules'. The 'Modifier Crosswalk' tab is also visible, showing a table with columns for 'Multi Proc', 'Rat Proc', 'Assistat Surg', 'Co-Surg Allowed', and 'Team Surg'. On the right side, there's a 'Library' panel with a list of documents related to the selected code, including 'Evaluation And Management (EM) Guidelines (CMS)', '1995 Guidelines For Evaluation And Management Services', '1997 Guidelines For Evaluation And Management Services', 'Evaluation And Management Service Guide', 'Highmark Medicare E.M Services Documentation Worksheet', 'TrailBlazer E.M Coding Reference Guide', and 'NCCI Processing Manual'. There are also 'Favorites' and 'Library' buttons at the top of this panel.

CROSSWALKS

SEE ALLOWED MODIFIERS

Look up relevant modifiers for each CPT/HCPCS procedure.

ICD-10 IS HERE

Bi-directional translation dictionary maps your ICD-9 diagnosis/inpatient procedure codes to corresponding ICD-10 diagnosis/procedure codes.

HOLD YOUR CODES

Bookmark your most-used codes so you can find them quickly and easily.

HIGHLIGHTS

- CPT, HCPCS, ICD-9, and ICD-10 coding books. Browse them all on a single screen.
